Tom & Nancy Andracsek

Dear Cattlemen,

Welcome to our annual Pasture Performance-Tested Bull and Female Sale. Please accept this letter as your personal invitation to join us on May 4, 2024 at Noon for our annual event. We look forward to having you and your family.

For nearly half-a-century we have been producing and raising superior registered Angus genetics. This year is no different. We blend all the important traits needed to grow top-quality registered Angus cattle designed to fit your program. The strength of those genetics derives from the numerous great cow families in our program. We expertly utilize all the tools-of-the-trade available so that we continue to make great strides to amass superlative genetics for both our registered and commercial customers.

We develop our bulls on a high roughage ration so they grow and perform to their maximum potential and to ensure soundness and functionality. We design their feed ration for a three-pound minimum Weight Per Day of Age.

Thank you for considering Whitestone Farm for your seedstock needs. Your business is valuable to us and we truly appreciate your support. We welcome private previews in advance of the sale offering. Please call our office for an appointment.

If we can assist you with your selection, please don't hesitate to contact us. Customer service is very important to us. We truly enjoy sharing what we have learned and experienced over the many years of raising Angus cattle at Whitestone Farm.

May God Bless you and your family,

*Mark*  
Mark Duffell

Let Whitestone work with you in the selection of your next profitable herd bull. Call us before the sale; describe the type of bull(s) that you would like and your price range. We will bid on and purchase the best animal possible to fit your needs. You pay only the bid price, just as if you were bidding yourself. Free Delivery within a 500 mile radius of Whitestone Farm with a min. purchase of \$5000 per bull or greater. No free delivery on females. We ask that you purchase shipping insurance. Upon delivery, if you are not 100% satisfied with your purchase(s), then you don't own them. All Sight-Unseen sales are made with a 100% guarantee.

31ST ANNUAL  
*Pasture Performance-Tested*  
**ANGUS BULL & FEMALE SALE**

Saturday, Noon EDT • **MAY 4, 2024** • Aldie, VA

**AUCTIONEER:**

Ron Kreis  
(740) 796-5242 • (740) 683-3235

**SALE GPS LOCATION:**

Whitestone Farm, 22699 Whitestone Lane, Aldie, VA 20105

**BUYERS:**

Buyers unable to attend the sale may call (703) 930-1841 on sale day. If you wish to leave bids prior to the sale you may do so with: Mark Duffell (703) 930-1841, Scott Buchanan (703) 431-9316, or the sale consultants. If help needed with Live AuctionTV call 682-816-4900 for Tech Support issues.

**LIVESTOCK PUBLICATION REPRESENTATIVES:**

Reese Tuckwiller, *Angus Journal*  
Dick Carmichael, Special Assignment  
Terry Cotton, Special Assignment

**SALE CONSULTANTS:**

Jeremy Haag (406) 833-0117  
Chris (Woj) Wojciechowski (540) 292-0841

**BUYER NUMBERS:**

We will be using buyer numbers. Please register for your number.

**ACCOMMODATIONS:**

Hampton Inn • Westfax Dr. off of Rt. 50 in Chantilly, VA.  
For reservations call (703) 818-8200.

**TRANSPORTATION:**

Dulles International Airport is easily accessible. The farm is a 30-minute drive from the airport. The hotel has transportation to and from the airport free of charge.

**BULL VIDEOS CAN BE VIEWED ONLINE AT  
WHITESTONEFARM.COM**

UPDATED EPDS CAN BE VIEWED ONLINE AT [WWW.ANGUS.ORG](http://WWW.ANGUS.ORG)

**VIEW/BID LIVE ON THE INTERNET:**

**LiveAuctions.TV**

**EPDS- PLEASE READ**

**AM** EPDs contained in the hard copy of this sale book were current as of print date (3/29/24). Digital versions of this sale book can be viewed online at [www.angus.org](http://www.angus.org) and will have EPDs updated every Friday with the exception of EPD references in footnotes and photos. Any PDF downloads from the website will contain EPDs current as of the date downloaded. References: American Angus Association®, AHIR®, AngusLink®, CAB®, Pathfinder®.

**SALE DAY PHONES:**

**(703) 930-1841 • (406) 833-0117**

**FOOD AND REFRESHMENTS:**

A complimentary lunch will be served on sale day.

**TERMS AND CONDITIONS:**

Cattle will sell under the standard Terms and Conditions as recommended by the American Angus Association. TERMS OF SALE ARE CASH, UNLESS OTHER ARRANGEMENTS HAVE BEEN MADE PRIOR TO THE SALE WITH MARK DUFFELL. WE DO NOT ACCEPT CREDIT CARDS.

**HERD HEALTH:**

Every bull selling will be semen tested and guaranteed to be fertile. All cattle are eligible for interstate shipment and will be accompanied by health certificates for immediate shipment. All cattle have been managed with a comprehensive heard health program:

Birth - A First Defense bolus (Corona and E. Coli protection) and 1 cc Multimin

7-14 days - Bovillis Nasalgen 3 PMH

3 - 4 months - Bovillis Naselgen 3 PMH, Autogeneous Pinkeye Vacc

PRE WEAN (2-3 WEEKS PRIOR) - Bovillis Vista VL5, Bovillis Vision 7, Bovillis Once PMH, Autogeneous Pinkeye Vacc

WEAN DAY - Bovillis Vista VL5 booster, Pour on Cydectin warmer

Yearling Heifers at Branding (February) - Bovillis Vista VL5, Autogenous Pinkeye Booster

2 AND 3 YOS - Spring CIDR time - Bovillis Vista VL5, Autogeneous Pinkeye Booster

FALL Herd Work /Test Time - all females 18 months and older - Vista VL5, Vision 7, Cydectin pour on

Mature Bulls at Herd Test - Vista VL5, Vision 7 and, Autogeneous Pinkeye Booster, Cydectin pour on

Yearling Bulls at Branding - Vista VL5, Vision 7, Autogeneous Pinkeye Booster, Cydectin pour on

**GUARANTEE:**

All cattle sell with a 100% guarantee. A credit will be issued for future Whitestone purchases. NO CASH REFUNDS.

**BULL DEVELOPMENT:**

The bulls have been developed in large groups on a high roughage ration in a pasture environment to ensure long-term soundness and longevity.

**HERD VETERINARIAN:**

Dr. John Heizer, DVM  
Randall Hinshaw, DVM, Embryologist

Mid-Maryland Dairy Veterinarians  
Ashby Herd Health

**DELIVERY:**

Free Delivery within a 500 mile radius of Whitestone Farm with a min. purchase of \$5000.00 or more. No free delivery on females.

**TRUCKING:**

Chris (Woj) Wojciechowski (540) 292-0841  
Arrow F Farms and Trucking LLC, Paxton Fultz (502) 994-1353

**DISCOUNTS:**

\$50 per bull if picked up Sale Day 5/4/24, Sunday 5/5/24 or by 6 pm on Monday 5/6/24. No discounts on females.

**LIVESTOCK MORTALITY INSURANCE:**

Representatives of livestock insurance companies will be available at the clerk's desk to assist you with insurance for your purchases.

# Bidding OPTIONS

## LIVE AND IN PERSON

- ★ There is nothing like being at a Whitestone Farm sale. The opportunity to view the cattle, see old friends, meet new folks and enjoy some really good hospitality as well as purchase some cattle that you need and want to take your program to the next level. We all hope you can join us but if you can't make it, we offer numerous other ways to purchase cattle with convenience.

## PHONE BIDS

- ★ Buyers unable to attend the sale may call (703) 930-1841 on sale day or send their bids to Mark Duffell (703) 930-1841, Scott Buchanan (703) 431-9316 or the sale consultants: Jeremy Haag (406) 833-0117 or Chris Wojo (540) 292-0841. If you would like to discuss the sale offering, call us and describe your needs and budget and we can help you select the genetics that will fit your program. We can bid on an animal for you and you will pay only the bid price established by the auction. Bids are handled confidentially with satisfaction guaranteed on all orders.

## ONLINE BIDS

- ★ With today's technology that allows us to better serve you, we will have high speed internet in place and an online bidding platform through LiveAuctions.TV. Just register to bid at <https://liveauctions.tv/register> and fill out their form to create an account. If you have any questions on how this works, please feel free to contact the office of LiveAuctions.tv at (682) 816-4900 or Erick Schmidt (830) 263-0166.

## MORE THAN JUST ANOTHER SALE

- ★ The customer service at Whitestone Farm is phenomenal, and high-quality Angus genetics will be available at every price. We will have food and refreshments available, and we look forward to seeing you.

## WHITESTONE FARM - BULL BUILT FOR YOU!

*It is a pleasure to work with such great people and an outstanding program. Over the last 40 years, Whitestone Farm has withstood the test of time and adapted to the needs of seedstock and commercial cattlemen alike. Whitestone Farm has a rich, deep history of producing cattle that work in all environments and have stayed progressive with their breeding philosophies.*

*As you flip through this catalog, you will find a set of big, high-performance, stout-made bulls with exceptional maternal genetics backing them. These bulls have exceptional EPDs that rank in the top percentile of the Angus breed, and the focus is calving ease, performance, and carcass genetics. There are also opportunities to purchase some tremendous young females and pairs with new calves at their side.*

*Whitestone Farm has a foundation that defines customer service. They understand that this is a "people business" and are always there for your needs. They stand behind building cattle that will go home and make money for the new owner.*

*If you have any questions or want to discuss the cattle selling, please reach out to Mark or myself. We look forward to seeing you on sale day!*

Sincerely,  
Jeremy Haag  
Angus Live, LLC, 406.833.0117

# How To Read THE DATA

An Expected Progeny Difference (EPD) is a prediction of how future progeny of a sire or dam are expected to perform in various production and carcass traits which are measurable. EPDs are expressed in actual pounds, square inches, or centimeters (depending on the trait), plus or minus what you can expect in the weights or measurements of progeny sired by a particular animal as compared with another animal.

The EPDs of the animals listed in this sale book can be compared to other animals of the same breed.

The CAB<sup>®</sup> icon will appear on the pedigree of those bulls that meet the criteria for targeting the Certified Angus Beef<sup>®</sup> Brand.

+1	+3.0	+88	+159	+25	+1.48	+89	+7.6	+0.74	+63	+71	+193	+313	
	Act BW			Adj 205			Adj 365			Adj 365 SC			
	74			774			1368			39.55			

### ANGUS NON-PARENT BULLS AVERAGE EPDS

CED	BEPD	WEPD	YEPD	MILK	Scrotal	CW	MARB	RE	FAT	\$M	\$W	\$B	\$C
+6	+1.2	+60	+107	+26	+82	+43	+55	+57	+0.12	+59	+56	+134	+232

**Calving Ease Direct (CED)** - is expressed as a difference in percentage of unassisted births, with a higher value indicating greater calving ease in first-calf heifers. It predicts the average difference in ease with which a sire's calves will be born when he is bred to first-calf heifers.

**Birth Weight EPD (BEPD)** - predicts the difference in average birth weight of a bull's calves compared to calves of another bull. Reported in pounds.

\*Experience has shown that an Angus bull with a CED EPD of +8 or higher and a BW EPD of +2.0 or less can be used on first-calf heifers with a minimal number of calving problems. If you do not have heifers to breed and just need a bull for cows that have calved before, most Angus bulls are acceptable for use on mature cows from a birth weight standpoint.

**Weaning Weight EPD (WEPD)** - is a prediction of a bull's ability to transmit weaning growth to his progeny. For example, Bull A has a Weaning Weight EPD of +60 pounds and Bull B has a Weaning Weight EPD of +40 pounds. At weaning, Bull A's calves will average 20 pounds heavier. A higher number is desirable.

**Yearling Weight EPD (YEPD)** - takes into account both pre-weaning and post weaning growth. Yearling weight is the most heritable of all growth traits.

You can expect bulls with high Yearling EPDs to produce fast gaining calves. If Bull A has a Yearling EPD of +90 and Bull B has a Yearling EPD of +60, Bull A's calves will average 30 pounds heavier than Bull B's at one year of age.

**Scrotal Circumference EPD (SC)** - expressed in centimeters, is a predictor of the difference in transmitting ability for scrotal size compared to that of other sires.

**Milk EPD** - Expressed in pounds of weaning weight that result from the amount of milk produced by daughters of a particular bull, as compared to the daughters of other bulls. If Bull A is +25 for Milk and Bull B is +15, bull A's daughters' calves will weigh 10 pounds heavier at weaning due to her superior milking ability.

### CARCASS EPDS

**Carcass Weight EPD (CW)** - expressed in pounds, is a predictor of the differences in hot carcass weight of a sire's progeny compared to progeny of other sires.

**Marbling EPD (Marb)** - predicts the difference in average USDA marbling score of a bull's progeny compared to progeny of another bull at a similar end point. The higher the value, the higher the amount of intramuscular fat (taste fat) in the ribeye, which positively affects quality grade.

**Ribeye Area EPD (RE)** - expressed in square inches, is a predictor of the difference in ribeye area of a sire's progeny compared to progeny of other sires.

### PERFORMANCE INFORMATION

**ADJ 205** - Weaning weights adjusted to 205 days of age and for age of dam. Our calves are not creep fed and were weaned on forages with no grain. (Quality of recipient dams will affect weights of ET calves.)

**ADJ 365** - Weight, scrotal circumference adjusted to 365 days of age.

**%IMF** - The amount of desirable fat or marbling in the ribeye muscle adjusted to 365 days of age.

**ADJ Ribeye** - Measured in square inches and adjusted to 365 days of age. Most heritable of all carcass traits.

ERICK SCHMIDT 830-263-0166

# American Angus Association \$Value Indexes

Dollar value indexes, or **\$Values**, are a tool used to select for several traits at once based on a specific breeding objective. An economic index approach takes into account genetic and economic values as well as the relationships between traits to select for profit.

**ANGUS**  
THE BUSINESS BREED

**Maternal Weaned Calf Value (\$M)**, an index expressed in dollars per head, predicts profitability differences in progeny due to genetics from conception to weaning. \$M is built off of a self-replacing herd model where commercial cattlemen replace 25% of their breeding females in the first generation and 20% in subsequent generations. Remaining cull females and all male progeny are sold as feeder calves. Increased selection pressure on \$M aims to decrease overall mature cow size and improve foot structure and fertility while maintaining weaning weights consistent with today's production.

**Weaned Calf Value (\$W)**, an index expressed in dollars per head, provides the expected difference in future progeny preweaning performance from birth to weaning. \$W assumes that producers retain 20% of their female progeny for replacements and sell the rest of their cull female and male progeny as feeder calves. Over time, increased selection pressure on \$W will increase weaning and maternal milk traits while also continuing to increase mature cow size.

**Feedlot Value (\$F)**, an index expressed in dollars per head, is the expected average difference in future progeny performance for post-weaning merit compared to progeny of other sires. The underlying objective assumes commercial producers will retain ownership of cattle through the feedlot phase and sell fed cattle on a carcass weight basis with no considerations of premiums or discounts for quality and yield grade.

**Grid Value (\$G)**, an index expressed in dollars per carcass, is the expected average difference in future progeny performance for carcass grid merit, including quality and yield grade attributes, compared to progeny of other sires.

**Beef Value (\$B)**, an index expressed in dollars per carcass, facilitates simultaneous multi-trait genetic selection for feedlot and carcass merit. \$B represents the expected average differences in the progeny postweaning performance and carcass value compared to progeny of other sires. This index assumes commercial producers wean all male and female progeny, retain ownership of these animals through the feedlot phase and market these animals on a quality-based carcass grid.

**Combined Value (\$C)**, an index expressed in dollars per head, includes all traits that make up both \$M and \$B with the objective that commercial producers will replace 20% of their breeding females per year with replacement heifers retained within their own herd. The remaining cull heifer and steer progeny are then assumed to be sent to the feedlot where the producers retain ownership of those cattle and eventually sell them on a quality-based carcass merit grid.

### ★ FOR REFERENCE ONLY.

- ★ One of the all-time, great-breeding pieces in the Whitestone Farm program, and the top-selling bull of the 2021 spring bull sale, WHITESTONE, who carries the name of the program that has withstood the test of time.
- ★ He is an outstanding individual by the popular and breed leader for registrations, Deer Valley Growth Fund, back to the Pathfinder dam, B&B Erica 605 who is one of the top income-producing donor females in the Whitestone Farm program along with being the mother of the \$59,000 Koupals B&B Identity and the \$19,500 Whitestone Erica 7003.
- ★ He holds the Registration No. 1900000 and stems from a dam that records BR 8@99, WR 8@103, YR 7@101, with 46 daughters in production with an average nursing ratio of 101.
- ★ His sons are offered throughout this event.

**WHITESTONE YETI 0024** - The \$10,500 maternal brother to Reference Sire A.

**WHITESTONE JACKPOT 0011** - The \$11,500 maternal brother to Reference Sire A.

★ FOR REFERENCE ONLY.

★ Connealy Scotchman was the selection of Whitestone Farm through the 2023 record-breaking Connealy Angus Bull Sale.

★ He is an absolute powerhouse beef bull. He has a tremendous body with a big, stout hip combined with added bone. He is also sound structured with really good feet.

★ Scotchman is an impressive individual who ranks in the top percentile in our breed for growth, performance, carcass, and \$Values.

★ His progeny will sell throughout this event.
