Lara & Mike Andracsek

Dear Friends & Family,

Welcome to Whitestone. We hope you'll join us on Saturday, May 2, 2026 at noon for our annual Pasture Performance-Tested Bull and Female Sale. Please contact the office if you'd like to view any of the animals prior to sale day.

We specialize in producing superior Angus genetics to help grow your herd and fit your program. Our goal is to develop cattle with maximum soundness and functionality.

Thank you for considering Whitestone Farm for your seedstock needs. We value your business and support. Don't hesitate to reach out if you have any questions or need assistance in selecting the perfect cattle for your specific needs.

Sincerely,

Mark Duffell

Let Whitestone work with you in the selection of your next profitable herd bull. Call us before the sale; describe the type of bull(s) that you would like and your price range. We will bid on and purchase the best animal possible to fit your needs. You pay only the bid price, just as if you were bidding yourself. Free delivery within a 500 mile radius of Whitestone Farm with a purchase of \$7500 or more of bulls. No free delivery on females. We ask that you purchase shipping insurance. Upon delivery, if you are not 100% satisfied with your purchase(s), then you don't own them. All Sight-Unseen sales are made with a 100% guarantee.

33RD ANNUAL
Pasture Performance-Tested
ANGUS BULL & FEMALE SALE

Saturday, Noon EDT • **MAY 2, 2026** • Aldie, VA

AUCTIONEER-

Ron Kreis
(740) 796-5242 • (740) 683-3235

SALE GPS LOCATION-

Whitestone Farm, 22699 Whitestone Lane, Aldie, VA 20105

BUYERS-

Buyers unable to attend the sale may call (703) 930-1841 on sale day. If you wish to leave bids prior to the sale you may do so with: Mark Duffell (703) 930-1841, Scott Buchanan (703) 431-9316, or the sale consultants. If help needed with Live AuctionTV call 682-816-4900 for Tech Support issues.

LIVESTOCK PUBLICATION REPRESENTATIVES-

Reese Tuckwiller, *Angus Journal*
Dick Carmichael, Special Assignment
Terry Cotton, Special Assignment
DeRon Helderman, Special Assignment

SALE CONSULTANTS-

Jeremy Haag (406) 833-0117
Chris (Woja) Wojciechowski (540) 292-0841

BUYER NUMBERS-

We will be using buyer numbers. Please register for your number.

ACCOMMODATIONS-

Hampton Inn • Westfax Dr. off of Rt. 50 in Chantilly, VA.
For reservations call (703) 818-8200.

TRANSPORTATION-

Dulles International Airport is easily accessible. The farm is a 30-minute drive from the airport. The hotel has transportation to and from the airport free of charge.

**BULL VIDEOS CAN BE VIEWED ONLINE AT
WHITESTONEFARM.COM**

UPDATED EPDS CAN BE VIEWED ONLINE AT WWW.ANGUS.ORG

VIEW/BID LIVE ON THE INTERNET-

LiveAuctions.TV

EPDS- PLEASE READ

AM EPDs contained in the hard copy of this sale book were current as of print date (3/20/26). Digital versions of this sale book can be viewed online at www.angus.org and will have EPDs updated every Friday with the exception of EPD references in footnotes and photos. Any PDF downloads from the website will contain EPDs current as of the date downloaded. References: American Angus Association®, AHIR®, AngusLink®, CAB®, Pathfinder®.

SALE DAY PHONES:
(703) 930-1841 • (406) 833-0117

FOOD AND REFRESHMENTS-

A complimentary lunch will be served on sale day.

TERMS AND CONDITIONS-

Cattle will sell under the standard Terms and Conditions as recommended by the American Angus Association. TERMS OF SALE ARE CASH/CHECK. PAYMENT IS EXPECTED ON SALE DAY UNLESS OTHER ARRANGEMENTS HAVE BEEN MADE PRIOR TO THE SALE WITH MARK DUFFELL. WE DO NOT ACCEPT CREDIT CARDS. ALL PURCHASES MUST BE PAID IN FULL PRIOR TO PICK UP/SHIPPING.

HERD HEALTH-

Every bull selling will be semen tested and guaranteed to be fertile. All cattle are eligible for interstate shipment and will be accompanied by health certificates for immediate shipment. All cattle have been managed with a comprehensive herd health program:

Birth - A First Defense balus (Corona and E. Coli protection) and 1 cc Multimin

7-14 days - Bovillis Nasalgen 3 PMH

3 - 4 months - Bovillis Naselgen 3 PMH, Autogeneous Pinkeye Vacc

PRE WEAN (2-3 WEEKS PRIOR) - Bovillis Vista VL5, Bovillis Vision 7, Bovillis Once PMH, Autogeneous Pinkeye Vacc

WEAN DAY - Bovillis Vista VL5 booster, Pour on Cydectin wormer

Yearling Heifers at Branding (February) - Bovillis Vista VL5, Autogenous Pinkeye Booster

2 AND 3 YRS - Spring CIDR time - Bovillis Vista VL5, Autogeneous Pinkeye Booster

FALL Herd Work /Test Time - all females 18 months and older - Vista VL5, Vision 7, Cydectin pour on

Mature Bulls at Herd Test - Vista VL5, Vision 7 and, Autogeneous Pinkeye Booster, Cydectin pour on

Yearling Bulls at Branding - Vista VL5, Vision 7, Autogeneous Pinkeye Booster, Cydectin pour on

GUARANTEE-

All cattle sell with a 100% guarantee. A credit will be issued for future Whitestone purchases. NO CASH REFUNDS.

BULL DEVELOPMENT-

The bulls have been developed in large groups on a high roughage ration in a pasture environment to ensure long-term soundness and longevity.

HERD VETERINARIAN-

Dr. John Heizer, DVM

Mid-Maryland Dairy Veterinarians

Randall Hinshaw, DVM, Embryologist

Asby Herd Health

DELIVERY-

Free delivery within a 500 mile radius of Whitestone Farm with a purchase of \$7500 or more of bulls. No free delivery on females.

TRUCKING-

Chris (Woja) Wojciechowski (540) 292-0841

Lippert Family Farm, Jonathan Lippert (703) 595-5405

INSURANCE-

Any animals left at Whitestone Farm must be insured.

Bidding OPTIONS

LIVE AND IN PERSON

- ★ There is nothing like being at a Whitestone Farm sale. The opportunity to view the cattle, see old friends, meet new folks and enjoy some really good hospitality, as well as purchase some cattle that you need and want to take your program to the next level. We all hope you can join us but if you can't make it, we offer numerous other ways to purchase cattle with convenience.

PHONE BIDS

- ★ Buyers unable to attend the sale may call (703) 930-1841 on sale day or send their bids to Mark Duffell (703) 930-1841, Scott Buchanan (703) 431-9316 or the sale consultants: Jeremy Haag (406) 833-0117 or Chris Wojo (540) 292-0841. If you would like to discuss the sale offering, call us and describe your needs and budget and we can help you select the genetics that will fit your program. We can bid on an animal for you and you will pay only the bid price established by the auction. Bids are handled confidentially with satisfaction guaranteed on all orders.

ONLINE BIDS

- ★ Today's technology that allows us to better serve you with high speed internet in place and an online bidding platform through LiveAuctions.TV. Just register to bid at <https://liveauctions.tv/register> and fill out their form to create an account. If you have any questions on how this works, please feel free to contact the office of LiveAuctions.tv at (682) 816-4900 or Erick Schmidt (830) 263-0166.

MORE THAN JUST ANOTHER SALE

- ★ The customer service at Whitestone Farm is phenomenal, and high-quality Angus genetics will be available at every price. We will have food and refreshments available, and we look forward to seeing you.

WHITESTONE FARM - BULL BUILT FOR YOU!

It is a pleasure to work with such great people and an outstanding program. Over the last 40 years, Whitestone Farm has withstood the test of time and adapted to the needs of seedstock and commercial cattlemen alike. Whitestone Farm has a rich, deep history of producing cattle that work in all environments and have stayed progressive with their breeding philosophies.

As you flip through this sale book, you will find a set of big, high-performance, stout-made bulls with exceptional maternal genetics backing them. These bulls have exceptional EPDs that rank in the top percentile of the Angus breed, and the focus is calving ease, performance, and carcass genetics. There are also opportunities to purchase some tremendous young females and pairs with new calves at their side.

Whitestone Farm has a foundation that defines customer service. They understand that this is a "people business" and are always there for your needs. They stand behind building cattle that will go home and make money for the new owner.

If you have any questions or want to discuss the cattle selling, please reach out to Mark or myself. We look forward to seeing you on sale day!

Sincerely,
Jeremy Haag
Angus Live, LLC, 406.833.0117

How To Read THE DATA

An Expected Progeny Difference (EPD) is a prediction of how future progeny of a sire or dam are expected to perform in various production and carcass traits which are measurable. EPDs are expressed in actual pounds, square inches, or centimeters (depending on the trait), plus or minus what you can expect in the weights or measurements of progeny sired by a particular animal as compared with another animal.

The EPDs of the animals listed in this sale book can be compared to other animals of the same breed.

The CAB icon will appear on the pedigree of those bulls that meet the criteria for targeting the Certified Angus Beef Brand.

ANGUS NON-PARENT BULLS AVERAGE EPDS

CED	BEPD	WEPD	YEPD	MILK	Scrotal	CW	MARB	RE	FAT	\$M	\$W	\$B	\$C
+6	+1.2	+60	+107	+26	+82	+43	+55	+57	+0.12	+59	+56	+134	+232

Calving Ease Direct (CED) - is expressed as a difference in percentage of unassisted births, with a higher value indicating greater calving ease in first-calf heifers. It predicts the average difference in ease with which a sire's calves will be born when he is bred to first-calf heifers.

Birth Weight EPD (BEPD) - predicts the difference in average birth weight of a bull's calves compared to calves of another bull. Reported in pounds.

*Experience has shown that an Angus bull with a CED EPD of +8 or higher and a BW EPD of +2.0 or less can be used on first-calf heifers with a minimal number of calving problems. If you do not have heifers to breed and just need a bull for cows that have calved before, most Angus bulls are acceptable for use on mature cows from a birth weight standpoint.

Weaning Weight EPD (WEPD) - is a prediction of a bull's ability to transmit weaning growth to his progeny. For example, Bull A has a Weaning Weight EPD of +60 pounds and Bull B has a Weaning Weight EPD of +40 pounds. At weaning, Bull A's calves will average 20 pounds heavier. A higher number is desirable.

Yearling Weight EPD (YEPD) - takes into account both pre-weaning and post weaning growth. Yearling weight is the most heritable of all growth traits.

You can expect bulls with high Yearling EPDs to produce fast gaining calves. If Bull A has a Yearling EPD of +90 and Bull B has a Yearling EPD of +60, Bull A's calves will average 30 pounds heavier than Bull B's at one year of age.

Scrotal Circumference EPD (SC) - expressed in centimeters, is a predictor of the difference in transmitting ability for scrotal size compared to that of other sires.

Milk EPD - Expressed in pounds of weaning weight that result from the amount of milk produced by daughters of a particular bull, as compared to the daughters of other bulls. If Bull A is +25 for Milk and Bull B is +15, bull A's daughters' calves will weigh 10 pounds heavier at weaning due to her superior milking ability.

CARCASS EPDS

Carcass Weight EPD (CW) - expressed in pounds, is a predictor of the differences in hot carcass weight of a sire's progeny compared to progeny of other sires.

Marbling EPD (Marb) - predicts the difference in average USDA marbling score of a bull's progeny compared to progeny of another bull at a similar end point. The higher the value, the higher the amount of intramuscular fat (taste fat) in the ribeye, which positively affects quality grade.

Ribeye Area EPD (RE) - expressed in square inches, is a predictor of the difference in ribeye area of a sire's progeny compared to progeny of other sires.

PERFORMANCE INFORMATION

ADJ 205 - Weaning weights adjusted to 205 days of age and for age of dam. Our calves are not creep fed and were weaned on forages with no grain. (Quality of recipient dams will affect weights of ET calves.)

ADJ 365 - Weight, scrotal circumference adjusted to 365 days of age.

%IMF - The amount of desirable fat or marbling in the ribeye muscle adjusted to 365 days of age.

ADJ Ribeye - Measured in square inches and adjusted to 365 days of age. Most heritable of all carcass traits.

Next Generation Genetic Testing For Best Generation Angus.

Never satisfied. That's the true trait of any Angus breeder. Same with us. Angus GS™ is not resting on past accomplishments. There's more work to be done. With the addition of 22,000 SNPs, Angus GS becomes the unmatched Angus specific genomic profiler. It provides greater power for traits including calving ease, birth weight, marbling, heifer pregnancy and more. Realize your operation's full potential.

Visit angus.org/AGI/AngusGS for the next generation, and only, genomic test of its kind.

FOR ANGUS. BY ANGUS.

ANGUSGS
Powered by Neogen®

American Angus Association \$Value Indexes

Dollar value indexes, or **\$Values**, are a tool used to select for several traits at once based on a specific breeding objective. An economic index approach takes into account genetic and economic values as well as the relationships between traits to select for profit.

ANGUS
THE BUSINESS BREED

Maternal Weaned Calf Value (\$M), an index expressed in dollars per head, predicts profitability differences in progeny due to genetics from conception to weaning. \$M is built off of a self-replacing herd model where commercial cattlemen replace 25% of their breeding females in the first generation and 20% in subsequent generations. Remaining cull females and all male progeny are sold as feeder calves. Increased selection pressure on \$M aims to decrease overall mature cow size and improve foot structure and fertility while maintaining weaning weights consistent with today's production.

Weaned Calf Value (\$W), an index expressed in dollars per head, provides the expected difference in future progeny preweaning performance from birth to weaning. \$W assumes that producers retain 20% of their female progeny for replacements and sell the rest of their cull female and male progeny as feeder calves. Over time, increased selection pressure on \$W will increase weaning and maternal milk traits while also continuing to increase mature cow size.

Feedlot Value (\$F), an index expressed in dollars per head, is the expected average difference in future progeny performance for post-weaning merit compared to progeny of other sires. The underlying objective assumes commercial producers will retain ownership of cattle through the feedlot phase and sell fed cattle on a carcass weight basis with no considerations of premiums or discounts for quality and yield grade.

Grid Value (\$G), an index expressed in dollars per carcass, is the expected average difference in future progeny performance for carcass grid merit, including quality and yield grade attributes, compared to progeny of other sires.

Beef Value (\$B), an index expressed in dollars per carcass, facilitates simultaneous multi-trait genetic selection for feedlot and carcass merit. \$B represents the expected average differences in the progeny postweaning performance and carcass value compared to progeny of other sires. This index assumes commercial producers wean all male and female progeny, retain ownership of these animals through the feedlot phase and market these animals on a quality-based carcass grid.

Combined Value (\$C), an index expressed in dollars per head, includes all traits that make up both \$M and \$B with the objective that commercial producers will replace 20% of their breeding females per year with replacement heifers retained within their own herd. The remaining cull heifer and steer progeny are then assumed to be sent to the feedlot where the producers retain ownership of those cattle and eventually sell them on a quality-based carcass merit grid.

- ★ **FOR REFERENCE ONLY.**
- ★ Connealy Scotchman is one of the hottest bulls in the breed and a son of Connealy Clarity back to Pashah of Conanga 557P. He is an outstanding individual who reads with an impressive number scheme across the board and is a low-birthweight, calving-ease bull with a tremendous spread from birth to yearling.
- ★ Scotchman ranks in the Top 2% for weaning and ribeye, Top 1% for yearling and carcass weight, Top 15% for marbling, and ranks in the Top 10% for \$M, Top 3% for \$W, and Top 1% for \$B and \$C. He has 240 progeny with an average weaning ratio of 102, 112 progeny with a yearling ratio of 102, and 51 progeny with a UREA ratio of 101. The combination of performance, carcass merit and \$Values is second to none.
- ★ Scotchman has become one of the industry's most talked about bulls, and this is his largest set of sons to sell anywhere this year.

WHITESTONE FARM

WHITESTONE BLUE 5046 – He sells as Lot 1.

- ★ Without question, one of the all-time great individuals to ever be born in the Whitestone Farm program of Aldie, Virginia. This son of Connealy Scotchman, one of the hottest bulls in the breed, stems back to a daughter of GAR Freedom and the Pride family. He had an individual birth ratio of 93, weaning ratio of 108, yearling ratio of 103 and stems from a dam who records BR 1@92, WR 1@108, YR 1@102.
- ★ Third-generation dam, Stevenson Pride 815, is a maternal sister to the \$70,000 GENEX Beef AI Sire, Stevenson Turning Point.
- ★ This bull not only has a tremendous EPD profile but reads with an outstanding phenotype and has presence and added body in a beautiful package. He has the combination of carcass and maternal genetics to make him one of the real features to sell anywhere this spring.
