Dear Friends,

It is my great pleasure to invite you and your family to our annual Whitestone Farm Brand of Quality Angus Sale. We look forward to this event every year, especially visiting with repeat customers and meeting new ones. Each year we offer every single three-year-old in our herd. The cows and heifers will sell as buyers' choice. All nursing bull calves are retained for our Spring Sale.

Here at Whitestone, we strive to produce cutting-edge genetics and make progressive breeding decisions with potential to increase your herd and profit margin. We realize that selling our three-year-olds, the heart of our herd, each year is advantageous to your programs. As always, we stand behind our cattle 100%.

I sincerely wish to thank everyone who has ever purchased cattle, semen or embryos from us throughout the past 41 years. We know that without your support we could not continue breeding superior Angus cattle. Also, I wish to thank our staff for their dedication and hard work that make these sales possible each year.

We have a truly outstanding offering assembled for your appraisal. If you wish to discuss the cattle selling, or if I may be of any assistance to you, please call me at (703) 930-1841.

Sincerely,

Mark

THE BRAND – TRULY REMARKABLE

Over the last 50 plus years, it is truly remarkable what the Whitestone brand has accomplished. The model over these years has been to market and sell every three-year-old female in the program through their fall production sale. If you think about the genetic selection pressure that this has had on Whitestone Farm, it is truly astonishing that this program has survived and thrived using this prototype. This timeless dedication of enabling you, the buyer, the opportunity to continue to select from every single three-year-old female in this progressive program continues to keep Whitestone as a breed-leading program throughout the world. This is a true testament to the staff and owners that have continued to offer nothing but the very best for their customers.
